

## **The idea of "God" in Nietzsche's Christology**

Renato Nunes Bittencourt\*

### **Abstract:**

In this article we will see of that Nietzsche way, in the context of the beatific experience of the gospel doctrine of Jesus, understands the notion of “God” through a focalization immanent and “extra-moral”, thus favoring the formularization of a practical conception of the religious one it stops beyond typical moralists and coercive determination of the normative theological institutions.

**Keywords:** Nietzsche; “God”; Beatitude; Jesus; Amoralidade.
